- Energize and inspire volunteerism and volunteer leadership.
- Endorse innovation, partnerships and collective action.
- Provide non-partisan leadership.
- Embrace diversity.

# A NOTE FROM OUR EXECUTIVE DIRECTOR AND BOARD CHAIR

There is no denying that the past two years have come with many hardships. The impact of the pandemic will be with us for some time but our mission to improve lives and build community holds strong. As another fiscal year ends, we continue to reflect, recognize, and thank those in our community working harder than ever to make a positive change in our province.

To our donors and volunteers – thank you for your unwavering support of our work this past year. With your generosity, UWNL was able to invest in 41 community programs across our province. When you invest in your community through United Way Newfoundland and Labrador, you can trust that your gift is being used where it is needed most.

To our community partners – thank you for your strength and ability to adapt during these difficult, unprecedented times. We recognize that marginalized communities and those living in poverty have, unfortunately, been hit the hardest. We commend you on your dedication to continue to do more. We stand by you, we support you and we look forward to building stronger communities together.

And last, but certainly not least, thank you to the amazing staff of United Way Newfoundland and Labrador. Your dedication to our mission and compassion for the communities of our province is inspiring. These last few years haven't been without their challenges but each of you continue to rise above and push yourself every day to ensure our community has the supports they need and deserve.

As we move ahead to 2023 and beyond, we are excited to work together to build a positive future for our province - a future where kids can be all that they can be, there is a noticeable reduction in poverty and reliable access to community support.

Katie Greene Executive Director

Ryan Belbin 2021/2022 Board Chair

United Way Newfoundland and Labrador invests in programs, services and initiatives that fall within three key focus areas where the need is greatest:

## **From Poverty to Possibility**

Moving people out of poverty by meeting basic human needs through the provision of food, shelter, jobs, etc.

### **Healthy People, Strong Communities**

Improving access and availability of social and healthrelated support services needed to revitalize and strengthen neighborhoods and overall community engagement.

### All That Kids Can Be

Providing youth with access to early literacy and development programs, recreational activities, mentors and other opportunities to discover and develop their talents and interests as they progress through school and into adulthood.

## All money raised here, stays here

# Workplace Partner Fundraising Fun Octivités

Our dedicated Workplace Partner,
Canada Revenue Agency,
took to the cold water in
December for an icy plunge to raise
funds for UWNL!

The Department of Fisheries & Oceans make their fundraising fun with themed events!

## From Poverty to Possibility

"Among our deliveries we have provided 358 beds to families and individuals that were sleeping on air mattresses, sofas and even just having blankets on the floor. Providing the basic necessity of a comfortable bed allows families and individuals to get a good nights sleep and will enable them to focus on work, school and will improve their quality of life"

#### **Amy Tulk, Director of Operations**

"We're on a very low fixed income, and acquiring any sort of possessions for us takes time and effort...it was a great help to have the furniture replaced, it took a lot of stress off us..."

"I lost all hope in humanity and society for a period of time. To have that brought back into my life...proves to me there are people out there willing to help...probably the biggest gift that ever I received in my entire life."

**Home Again Furniture Client** 

## **Healthy People, Strong Communities**

"Our programs and fundraising campaigns are designed to ensure support goes directly to our local health care centers to improve the quality of care for our patients and long term care residents. Our primary areas of focus include Mental Health & Addictions, Patient Comfort & Care, Chemotherapy, Dialysis, Rehabilitation, Women's Health, Pregnancy & Infant Loss, and Pediatrics."

bphcf.ca

"Thanks to the funding and support provided by the United Way Community Fund and the Burin Peninsula Health Care Foundation, we have been able to offer a number of valuable suicide prevention training sessions to healthcare professionals and community members. It is through partnerships like these that we are able to create suicide-safer communities across the Burin Peninsula."

Denika Ward, Community Suicide Prevention Coordinator

## All That Kids Can Be

"Childhood cancer affects the entire family. Camp Delight is for children diagnosed with cancer, their siblings, and bereaved siblings. They get to enjoy time with each other and make special friendships with people their age from all over the province. The parents are able to connect with each other as well. Camp Delight is offered to our families at no cost. The costs of having a sick child are high especially when a parent has to stop working to provide care to their child. All children and families across our province are provided with the opportunity to attend. There are no financial barriers."

Lori Pike, Candlelighters NL

"Thanks to all the staff and everyone who helped organize camp this year. Both the family and grad camper retreats were amazing!"

"Had the best time at our [first] camp! Thank you to everyone who was involved in making this possible! Looking forward to next year."

"Thank you all so much for an awesome weekend! You are all amazing! I can't even imagine all the planning and organizing that must go into pulling off camp each year but you guys do it and have so much energy and fun."

**Camp Attendees** 

## Mark Brown Community Builder Award

Sixteen years ago, Mark Brown started his work to establish United Way in our province. Mark was Founding Chair, and to recognize his efforts and the longevity of his involvement with United Way, we have established this award. It serves to recognize an individual who works to build stronger and more resilient communities through their volunteer engagement with United Way and the community in general.

This year's recipient, Lyndsay Skanes, has made a significant impact towards the betterment of her community and province by going above and beyond with her time, commitment and dedication to United Way NL.

Lyndsay Skanes, Canada Revenue Agency

Each year UWNL recognizes workplace partners who have achieved outstanding performance in their workplace campaign

The most dollars raised by employees through donations and special events

#### **E**xonMobil

Outstanding corporate and employee support

Successful debut of an employee and corporate match campaign

Outstanding participation rate in a campaign

Outstanding corporate support and community partnership with UWNL

In 2021, UWNL invested \$289,287 into 211 NL, enabling the service to continue to be available to Newfoundlanders and Labradorians.

"As a non-profit organization focused on ending homelessness, we have seen the value of the 211 NL service first hand. Our work in supporting people with finding and maintaining housing is made easier knowing that those in need have a simple way of connecting to us. The 211 service is offered freely, and is available 24/7, 365 days a year, in more than 150 languages. This allows 211 NL to reach more people and to have the lowest barriers to access community-based services."

- Doug Pawson, ED, End Homelessness

"From a client perspective, having a single point of contact rather than dozens of individual helplines is absolutely essential..."

- Joshua Smee, CEO, Food First NL

Each and every campaign is backed by an amazing team of individuals, groups and businesses that work together to create change and positive impact in their local communities. Organizing a workplace campaign requires a lot of planning and organization that relies heavily on volunteers. We are incredibly fortunate to have partners who share our goal of improving the lives of those most vulnerable in our province. We cannot do the important work we do without our amazing partners, and each of these individuals play a vital role in the work that we do here in the province through our Community Fund. This is the heart and soul of our organization, and it allows us to invest where the needs are greatest in our communities. Thanks to our donor's incredible generosity and commitment to spreading local love, we have been able to directly impact thousands of individuals in Newfoundland and Labrador.
